Farm Show Detectives

Have you ever wondered where milk comes from? Or how important bees are to us and the food that we eat? What about how much can be grown on an acre of farmland? Discover all of this and more when you become a **Farm Show Detective**. Sponsored by the Pennsylvania Department of Agriculture and Turkey Hill, this unique program lets young people and their families learn about Pennsylvania's number one industry – agriculture – in a fun, engaging way. With a special map to guide our detectives and interactive stations throughout the complex, this is a great way to experience the Farm Show. Stations are staffed from 9 a.m. to 7 p.m. daily.

Farm Show Detectives will have the opportunity to investigate:

4-H – “Learn by doing” is the 4-H motto. Stop by the station to find out about the youth program, how you can get involved and celebrate its 100th anniversary.

Alpacas – Have you ever seen an alpaca? Come visit one and investigate what products come from this versatile species. We bet you'll be surprised.

Apples – You've heard the saying, “An apple a day keeps the doctor away,” now visit this station to learn fun facts about Pennsylvania apples and investigate the role they play in a healthy diet.

Bees/Honey – What do bees have to do with our food? Discover the connection when you visit this station and find out about the important work bees do to help feed us.

Beetles and Bugs – Can you recognize an Asian Long Horned Beetle? Or an Emerald Ash Borer? Or a Walnut Twig
